Add Service

2102

Fig. 21

Screen layout:

The screen layout for the 'Add Service' form is titled 'Operator Provisioning Tool' and includes a navigation bar with 'Home' and 'Contact' links. On the left is a sidebar with a tree view containing 'Companies', 'Users', 'Services', and 'Authorizations'. The main content area is titled 'Add Service' and contains the following fields:

- General Service Type:** A dropdown menu with 'PIM' selected (labeled 2202).
- Service Code:** A text input field with '(3-character Code)' as a hint (labeled 2204).
- Service Number:** A text input field with '(5-digit Code)' as a hint (labeled 2206).
- Service Name:** A text input field (labeled 2208).
- Gateway Address:** A text input field (labeled 2210).
- Description:** A large text area (labeled 2212).

At the bottom of the form are 'Next' (labeled 2214) and 'Cancel' (labeled 2216) buttons. A reference number 2200 points to the top right corner of the window.

Fig. 22

Screen layout:

The screen layout for the 'Edit Service' form is titled 'Operator Provisioning Tool' and includes a navigation bar with 'Home' and 'Contact' links. On the left is a sidebar with a tree view containing 'Companies', 'Users', 'Services', and 'Authorizations'. The main content area is titled 'Edit Service' and contains the following fields:

- Service Code:** A text input field with 'MIS' (labeled 2204).
- General Service Type:** A dropdown menu with 'PIM' selected (labeled 2202).
- Service Number:** A text input field with '21323' (labeled 2206).
- Service Name:** A text input field with 'MIS Synchronization' (labeled 2208).
- Gateway Address:** A text input field with 'mis.asterix.com' (labeled 2210).
- Description:** A large text area with 'This is a test service.' (labeled 2212).

At the bottom of the form are 'Next' (labeled 2302) and 'Cancel' (labeled 2304) buttons. A reference number 2300 points to the top right corner of the window.

Fig. 23

Screen layout:

The screen layout for 'Deactivate Service' includes a header with the SMCL logo and 'Operator Provisioning Tool'. A navigation bar at the top right contains 'Home' and 'Contact'. On the left, a sidebar lists 'Companies', 'Users', 'Services', and 'Authorizations'. The main content area displays service details: Service Code: MIS, General Service Type: PIM, Service Number: 21323, Service Name: MIS Synchronization, Gateway Address: mis.asterix.com, and Description: This is a test service. At the bottom, there are 'Deactivate' and 'Cancel' buttons.

2400

2402

2404

Fig. 24

Screen layout:

The screen layout for 'Delete Service' includes the same header and sidebar as Fig. 24. The main content area displays a message: 'The following Business Service Connectors must be deactivated first:'. Below this is a table with 5 columns: Name, MSISDN, Company, Service, and Status. The table lists 10 entries. Below the table is another message: 'The following Business Services must be deactivated first:'. Below this is a second table with 4 columns: Company, Internal ID, Service, and Status. The table lists 3 entries. At the bottom left, there is a 'Back' button.
